ABOUT THE COLLEGE

Nirmala College, Muvattupuzha, is a first-grade college affiliated to Mahatma Gandhi University, Kottayam. It is a Minority Christian institution governed and managed by the Diocese of Kothamangalam. The college offers 14 UG, 14 PG and 7 Ph.D Programmes. The college is known for its high academic standards and treads on to conquer new heights in the path of academic excellence. Towering a loft on the peak of a high hill, surrounded by luxuriant vegetation, intermingled by shady trees and distant from the clamour and confusion of the city, stands Nirmala College; the beacon light of learning and scholarship. Renowned for its picturesque landscape and tranquil serenity, the College provides a congenial atmosphere for study and research.

THE INSTITUTION

The College is situated in the Avoly Panchayat of Muvattupuzha Taluk in the district of Ernakulam. It was founded in 1953 by His Grace Most Rev. Dr. Augustine Kandathil, Archbishop of Ernakulam to meet the educational needs of the Eastern Districts of North Travancore, especially of the Catholic Community, at a time, when higher education was the wildest dream of the ordinary people living in the villages and the suburbs. Over the years, the College has grown in size and stature. The divine legacy left behind by the founders of this College and the rich heritage built up by their successors has placed us on a high pedestal in the field of education and research.

Now Nirmala is one of the foremost colleges in Kerala with over 3000 students and over 142 faculty members. The College is affiliated to Mahatma Gandhi University, Kottayam and was nationally reaccredited by NAAC with A++ Grade (3.73) in the Fourth cycle.

NAME & EMBLEM

Nirmala (the pure one) is an attribute of the Blessed Virgin Mary, the immaculate mother of Jesus Christ. The college takes its name from Mother Nirmala and is dedicated to her. It is to her intercession we attribute all our success.

The emblem is a symbolic representation of what the college stands for. It consists of devices such as the heart, the star, the open book and the natural scenery viewed against the backdrop of the azure sky. The end of education is not merely the acquiring of knowledge but also the perfecting of the heart. Knowledge with out character is dangerous; head with out heart is worthless. The immaculate heart of Mary with a burning love of the infinite good, of all that is good and useful is the pattern on which the students have to model their hearts. The star represents light from heaven, the divine spark illumining the pursuit of knowledge. The open book indicates the quest after knowledge and the consequent intellectual formation. In short education aims at developing the whole man, his intellectual, emotional and spiritual life. The natural scenery of Kerala with lakes and mountains, hills and valleys reminds the students that before one launches out into the sea of life, he must be trained to steer clear of the violent waves and the dangerous rocks. The wisdom and prudence that is so necessary for a successful voyage is to be sought from above the Lord Himself.
